### A Prescription for Loneliness

I was a GP for eight years, a doctor for a total 11 (3 years in hospital). One of the things I disliked about my job, was seeing so many lonely and isolated people. I was often their only visit for the month, or social contact for the week. The reality on the ground is that we live in a desperately lonely society, as family and friends often live miles apart and traditional family units have broken down through divorce, step families or families simply moving away. How ironic that in the communications age of FACEBOOK, TWITTER, SKYPE, many of us have never felt so lonely. Perhaps though, we are all part of the solution.

Here is a beautiful testimony of how a simple idea can be a ray of hope and community for people, who are often extremely lonely.

Should the Christian community across the UK, not be taking the lead in following the example we give you here today?

# "Crackers and Company"

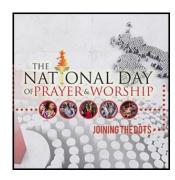

Stephen from South Anston, a subscriber to our newsletter, contacted us before Christmas to tell us about something called "Crackers and Company." I asked him how it went and he told me

#DO1NICETHING
A CNI Project

that 59 people who in most cases would have otherwise spent Christmas alone, attended the village hall for Christmas dinner. He told me they were planning something similar at Easter.

I phoned his home and Joanne, his wife answered and this testimony is based on a telephone interview with Joanne.

"The idea for "Crackers and Company" came from our daughter Ruby, aged 23, who involved all the family from the very start - this was always going to be a family project. We have three children, Ruby, 23, Bluebell 21 and Joseph 25. Other than Stephen, none of us are church-going Christians, but we all care deeply for our community and the vulnerable people in that community .Throughout the course of the year, we got a group of volunteers together to take the project forward - most of them were young people from the local area. We fundraised, doing bag packing in Sainsburys, trolley collections, and worked to get donations form people and organisations in the local area. We also worked in conjunction with a local homeless charity. It took a lot of planning. The final event took place in the community hall at South Anston Methodist Church.

We invited people through a poster campaign and leaflet drops to people we knew were obviously isolated, those in Care homes, and in supported accommodation. We also advertised in GP surgeries, local churches, and the local free press to identify people we thought would be spending Christmas alone.

On the day 59 people came to Christmas dinner. We had many volunteers cooking turkeys and acting as taxis to pick everyone up. At 12.30 we sat down to a Christmas dinner, with all the trimmings.

All the guests were presented with a bag of Christmas presents, all of which had been donated from local people. We ended the event with a Christmas sing along. The volunteers were mostly young people and the age range of guests varied

from 22 to late nineties - it was a great way of bridging the generational divide. Stephen's Mum and Dad and sister were amongst the volunteers who are members of the local church, but the volunteers were a cross section of people from the local area who share a concern for vulnerable and isolated people in the community. One volunteer was a soldier who had recently arrived back from serving in Afghanistan and chose to spend his Christmas day helping others!

The best thing about this day was just being part of it - we all had

such a great time. It was hard work, but it was such a success that we are planning to re-invite those that came and any others and do an afternoon tea on Easter Sunday. There is so much isolation and loneliness all across the country, it would be wonderful to see this project replicated elsewhere."

Neighbourhood Prayer Network is suggesting people have a HI Tea where people invite their neighbours to a church hall or another venue, working with your church community and provide a traditional afternoon tea with nice plates and tea cups and cakes free of charge. We believe this is a lovely way to get to know neighbours and work together within your church for the sake of your community. We will explain more about this over time.

## **Prayer For Our Neighbours**

**MATT 7:7** 

Lord, teach me to build habits of prayer in my life. I pray for schools in my local area, that many will set up prayer rooms and quiet spaces where students can take time out to reflect and pray. Could you offer to help look after a prayer room in one of your local schools?

# **Sharing Jesus with Our Neighbours**

Word for Today and Father's Love Letter Distribution Over Lent

We are hoping that many of you will distribute the Father's Love Letter, together with a copy of the Word For Today to your neighbours. Ideally when you given them out, write, TO (and the name of your neighbour and FROM (your house number), or the details of your church. Only write your name on the envelope if you know your neighbour well. It might be good to give them a Easter card and a small present if you are able this Easter. It is likely to be more enjoyable if you work with others in your church and please tell your church leader what you are doing. This activity is not suitable for children under 18 unless accompanied by a parent or guardian. Here is what some people are saying about the Word for Today and the Father's Love Letter.

Order the Father's Love Letter & Gift Edition of the Word For Today to give out to your neighbours. Ordering copies is free of charge

and an excellent way of blessing your neighbours. Phone 08456040401 to order your copies.

### Please help us if you are able.

We can only continue our work with the generosity of people's time, skills, prayers and financial support. I strongly dislike asking for money, wishing instead we could serve you and not need to ask. The reality is we do need a financial breakthrough. Thanks to all of you, who have already donated. Can you help?

The real cost of running Neighbourhood Prayer Network, is over £2000/month. If we are to see our vision of every street covered in prayer across the UK with many people becoming Christian, we urgently need regular donations to prepare for an expected surge in growth. We need to get the word out to more people and build on the success the Lord has allowed so far. We want to produce flyers, produce resources for churches and engage more staff and volunteers to help roll out the vision across the country.

If you are not in a position to donate, please know that we value your prayer and support in other ways. If you are able to donate, all donations of any size are greatly appreciated:

We need three things to happen

1) We are looking for 40 churches to donate £25 per month and in

doing so become pioneer partner churches.

- 2) We are looking for 100 people to donate £5 per month.
- 3) We are looking for 50 people to donate £10 per month.

Are you able to choose which one you could help with?
