Dear Carl,

In this week's email, we report on the Outpouring in Cwmbran. I hope this testimony encourages you as much as it has encouraged me! Something incredible is clearly starting to happen and my prayer is that we see similar things happening in every neighbourhood across the UK and beyond! Prayer points appear at the end of the newsletter. I hope to see some of you tomorrow at Trumpet call.

The Welsh Outpouring: Cwmbran, Wales

This testimony is based on an interview with Pastor Clyde Thomas, Campus Pastor, Victory, Church, Cwmbran, Wales.

"On April 10th we realised something significant happening. On that evening there was a heavy presence of God. The church was birthed three years ago by Victory Outreach UK, a rehab based in Wales. Pastor Richard had a vision for a church in 2009. The third anniversary of the church was in January.

Man in Wheelchair for 10 Years healed!

Every Wednesday night we held an encounter evening. The meetings were in decline with only 70 people attending. Pastor Richard (the senior pastor) was thinking about ending the meetings. He spoke one evening about Esther and bringing problems into the presence of the King. Paul who had been attending the church for 18 months, came every week and had been in a wheel chair for ten years as a result of a car accident.. The most he was able to do was be helped from his chair into a car. He went forward that night for prayer. He had been prayed for many times and hadn't really wanted to go up for prayer again.. Pastor Clyde was standing next to Pastor Richard when he prayed for Paul.

Paul's legs began to vibrate and he unexpectedly got out of his wheelchair and held his wheelchair over his head and started running around the church. Our first thoughts were that he might drop the chair and hurt someone! He was leaping and the church having known him for a long time, were all going crazy with excitement.

We encouraged him to take it easy to rebuild his muscles, but his wife said he had been up at 4 am running up and down the stairs because he didn't want to lose his healing! He phoned up the benefits agency to tell them he no longer needed his disability payments as he is now fit to work. This means he has seen a dramatic loss of income and the church is looking at how they can support the family while he looks for work!

624 people commit to follow Jesus since April 10th (at the time of interview)

Pastor Clyde is keen to point out that they are a local church, not an evangelistic crusade, seeking to reach out to their local community. They have a passion for the Saviour, a love for scripture and want to rescue the sinner. While there have been many healings, for them it is the salvation of people that is most important. Since April 10th 624 people have made a public declaration to follow Jesus aged from 5 years to 80 years, including vicars, middle aged and from all walks of life. Pastor Clyde describes being brought to tears as whole families have chosen to follow Jesus, a Grandma, 2 daughters recently all making a commitment together. Pastor Clyde is keen to emphasise this is not a show, but a sovereign move if God. There is no offering, though if people want to give money there are buckets at the back of church. Their focus is the local community and they have said no to the meetings being televised by God TV. This move of God is not about one church or denomination, it is about the Gospel! 62 people were baptised 5 weeks ago and they expect another 40 in the coming days. Every evening they have seen 10-12 people make a commitment to Jesus,'

International Interest

People have been flying in from all over the World, for example Seattle, California, New Zealand, France, Sweden, Norway and many from America. The church is open every day except Friday. One lady who was 85 from South Texas was say in the auditorium when she proclaimed, "He is here, Jesus is here" Pastor Thomas says it was a beautiful moment.

Other Healings & Lives Transformed

They recently had a call from a pastor in America who informed them that a young man of 30 had been healed of leukaemia. This healing was confirmed by the medical profession. They are not always aware of every healing that takes place, unless it is reported later.

In the first couple if weeks they specifically prayed for people suffering from depression. Many people have reported that they have been free of symptoms for 6-7 weeks. They always tell people not to stop taking medication and to see a doctor.

One lady, whose testimony has been given publicly, was a lap dancer in a local club in Newport. She came into church Easter Sunday and then came back the following Wednesday, having an experience of being filled with the Holy Spirit! For 5 days, she forgot to take tablets and felt all her symptoms of depression had gone. Several weeks later she felt the same. The church never recommends people stop medication without a doctors advice. She also found a new job with better pay. Her life transformed !

Many who have been struggling with self harming have also been freed from this.

*Each evening there are around 450, 700 on Saturdays.
Again, pastor Clyde wants to stress, they are a local church
with a heart for the local community."*

What is happening in Victory church, appears to be spreading to other areas as people visit the church and start their own meetings in their own community.
